What is the Global Equity Market (Bit GEM)?

GEM is the segment dedicated to the trading of shares of non-Italian issuers already traded on regulated markets in EU member states or in other OECD member countries.

GEM substitutes MTA-International Segment of MTA market managed and organized by Borsa Italiana, introduced 10 years ago. Starting from July 11th 2016 30 additional shares have been listed in addition to the existing securities already available on the ex-market MTA International.

The segment enables some of the most liquid shares benefiting from Borsa Italiana's efficient and cost-competitive trading and post-trading infrastructure, at the moment covering different European Countries.
